Dear Mr./Ms.

I phoned the Better Business Bureau before I emailed you last month. I can see why you haven't had any complaints against you.

I wanted to thank you for serving my court documents to [REDACTED]. I paid a process server last fall to serve the papers and they didn't do it. I was starting to wonder if anyone could get the job done.

You can show this letter to anyone who wants to know if you can deliver on your promises.

Sincerely,

James M. Sutherland
