RE; Mr. [REDACTED] missing and presumed drowned, Sandy Lake, British Columbia.

I wish to take this opportunity to thank you and your wonderful associates for the work which you so graciously undertook the matter as shown above. Right from the first contact your organization had with our Detachment it was apparent that your company employees only well trained knowledgeable personnel.

In regard to the investigation I personally appreciate the effort that Ms. Doran and her dog Tunk put forth. The working conditions were anything but ideal with extreme time constraints placed on all concerned. Unfortunately due to the remoteness of the area and the fact that our search time was limited, we were unable to use Tunk to the fullest extent of his abilities. I would jump at the chance to use his services again and would ensure that more time was given him to do his job. A fact that all of us can appreciate.

Once again thank you for the work you did on this investigation. I would not hesitate to recommend your services to others.

Sincerely,

CST. A.B. (Alastair) Gray
